

Impact Report 2021

Yayasan Rumah Energi (YRE) is a non-profit grassroots CSO level civil society organization established since 2012. YRE has implemented programs focusing on Renewable Energy, Climate-Smart Agriculture, and Social Entrepreneurship.

YRE's Contribution on SDGs

YRE also contributes to the SDGs that are implemented in program implementation.

YRE Programs

• Renewable Energy

YRE has provided access to renewable energy and food security for the people of Indonesia since 2012 by becoming a non-profit civil society organization that focuses on developing and disseminating the use of renewable energy and processing organic waste into energy source. Impact Report of YRE's Renewable Energy program on 2021:

5. Digital Business and Marketing

Biogas Financing

In 2021, YRE succeeded in facilitating a matching fund for Puskopdit Jatra Miguna from the Rabo Foundation with a capital loan of up to **Rp 4.5 billion** aimed at increasing the productivity of members, especially members who have businesses in agriculture, animal husbandry, fisheries, plantations, and biogas.

Meanwhile, in other places, YRE also helped the Sharia Savings and Loans Cooperative "Al-Roudloh" or commonly abbreviated as KSPPS Al-Roudloh to obtain a loan from LPDB-KUMKM amounting to **Rp 2 billion** intended for members who have businesses in the trade sector, agriculture, animal husbandry, fisheries, and biogas.
